**Rely on one of Microsoft's  
most accredited UK  
partners**

Trustmarque are an Advanced Specialisation Partner for Azure Virtual Desktop and also hold an impressive 14 Gold Microsoft Partner competencies.

10 reasons  
why you  
should consider  
**Windows  
365**  
with Trustmarque

**Minimises ease of  
desktop provisioning**

Thanks to seamless integration within Azure and a new management and provisioning layer.

**Quick deployment**

Seamlessly mirrors M365 features to desktop.

**Leverage a greater choice  
of corporate or personal  
devices**

Removes restrictions on the types of devices and software your organisation uses, freeing you from past restrictions.

**Easy licensing**

Leverage your existing subscriptions such as, E3/E5, M365, o365, Azure AD / VNET.

**Easily manage  
and configure**

This can be done using Endpoint Manager and all the same processes and tools.

**Cost control**

With Windows 365 you can optimise spend with adjustable compute and storage resources.

**Windows 365** is the next-generation desktop experience, helping ensure your business can handle anything.

**Book your Windows 365 demo with one of our Modern Workplace experts today on the Trustmarque website.**
